GOOD FOR NOTHING

VICTORIA

YOU
HAVE BEEN
CHOSEN!

We need your smarts.

The **International Institute for Child Rights and Development** (IICRD) is a local non profit that wants to launch **Child Thrive**, a social enterprise offering **child-friendly services** in Victoria.

They have a vision to empower children in your community to **THRIVE**. Before they start though, they have a few questions...

What services?

Operated how?

'Business' v.s. 'Non profit' - how do they mix?

What's feasible and realistic?

WE THINK YOU HAVE THE PERFECT SKILLS.

Doing Good For Nothing will be hosting an action-focused day that brings together a select group of skilled people like you who know non-profits, social enterprise, running a business or creating child-friendly services in Victoria.

WHO ARE WE?

IICRD

The International Institute for Child Rights and Development (IICRD) has been around for 20 years and is focused on social innovation with and for children and youth. IICRD's vision is to create dignity, belonging and justice for young people and our world. www.iicrd.org

Child Thrive

A for-profit arm of IICRD (think social enterprise) that wants to be the space where children live, learn, and play in Victoria. It wants to do this by offering services that fulfill a niche, such as development with purpose, child-friendly spaces, and educational products.

Doing Good For Nothing

DGFN is a Victoria-based collection of talented folk who have come together to offer their services to a local non-profit or social enterprise – all for free. Our aim is to find an organization with a pressing need and design an event where solutions can emerge. www.dgfnvictoria.ca
